The Butler Petitions.

BOSTON, August 22.—It is given out at the Butler headquarters that signatures to the petitions thus far returned asking Butler to be the Independent candidate for Governor, sent out originally from his office under his direction and circulated by his runners indicate a total in the State of upward of forty thousand, though the totals reported are yet much short of this figure. Those circulated in Boston show 7770 signatures; Lynn, 1700; Lowell, 1300; Lawrence, 2000, and Springfield, 1750, and from none of these places are the petitions all in. No returns have yet been received from Worcester, Fall River, Salem and other cities. The petitions were all to be called in to-day, but the time has been extended to Saturday night.

American Inventive Genius.

LONDON, August 22.—The *Times* prints two columns of description of the mechanical display of the United States at the Paris exhibition. In an editorial article commenting thereon, the *Times* says that the prominence of the mechanical genius of the citizens of the United States may be admitted, and is illustrated not for the first time in the exhibition in Paris. The *Times* without pretending to exhaust the whole secret of the phenomena of inventive genius across the Atlantic, finds reason therefor in the greater efficiency of labor here and the increased cost and difficulty of hiring it in the United States, which condition of affairs drives its inhabitants towards invention, and there as elsewhere, necessity may be said to be the mother of it.

Terrific Nitro-Glycerine Explosion.

NEGAUNEE, Mich., August 22.—The works of the Miners' Powder Company here exploded yesterday, doing terrible execution upon buildings, fences, glass and trees, and killing five men—H. E. Huber, John Scannel, Dayton L. Brown, Daniel Cooper and one other. One of these men was fairly driven into the ground and his remains buried in the dirt. All that remained of two of them would not fill a bushel basket. A horse standing near by was beheaded. The men were engaged in making nitro-glycerine and other powerful explosives. The cause of the explosion is not known.

Grand Lodge I. O. O. F.

BENNINGTON, (VT.), August 22.—Owing to the prevalence of yellow fever John W. Stokes, M. W. Grand Sire, has issued an order that the approaching session of the Grand Lodge of the United States I. O. O. F. be held in Baltimore, Maryland, on the third Monday of September, instead of at Austin, Texas, as expected.

Artesian Wells for Nevada.

A correspondent of the San Francisco *Bulletin*, who, by the way, is far beyond the average in powers of observation and intelligent expression of opinions, says this while on the subject of artesian wells:

The immense floods which pour into the drifts and shafts on the Comstock from the narrow range lying between the Carson and Truckee rivers, both of whose beds are lower than the deepest mines, indicate no lack of the precious fluid, but rather ignorance of the laws which govern it. The interest which the *Bulletin* and *Call* have manifested is infectious, and will lead to a great deal of good. "The wilderness and the solitary place shall be glad for then and the desert shall rejoice and blossom as the rose." The prospect of such wells as are obtained in the San Joaquin and Santa Clara valleys scattered about in this dry and arid region, means farms and homes for thousands and thousands who are now needy and poor. It means orchards and groves and vine-clad terraces in beautiful nooks and unexpected corners of the brown and treeless hills. It means comfort. ease and independence for any one with intelligence and energy. It means fruitful plains and miles of meadows dotted with prosperous towns and pleasant little cities. It means future school-houses and colleges, future orators and poets among the sons and daughters of Nevada, for history proves that such regions must be irrigated and coaxed by man's ingenuity to bear fruit, produce virtuous and intellectual races. Failure is the sentence of doom to this thousand miles, which condems it to future cycles of useless solitude. Its brown and unfruitful sands swept by the idle winds. Its square leagues of sage brush, the home of the coyote and rabbit, from which even the dark-skinned Piute must soon vanish. Its ranges of mountains scratched at long intervals by the pick of the miner, or pierced by the prospector's shaft. No summer rains will beat down its ragged hills, no luxuriant vegetation heal the rude scars left by the earthquake and the volcano. The whole region will stand for future ages, as it has for ages past, just as it came from the hands of the great Creator.

Yellow Fever Notes.

The cases in Memphis are increasing, 25 being reported on the 21st, and over 10 deaths....The percentage of those afflicted with the fever who die is given in New Orleans at about twenty-five per cent....Grenada, Miss., reports 92 deaths and the town is almost deserted.... Vicksburg reports 50 cases and 22 deaths in the space of 24 hours.... The infected towns have asked for succor and assistance and the call is being handsomely responded to. New York has subscribed $2000; Cleveland Board of Trade, $300; Chicago, about $2, 000; Washington Israelites, $180; St. Louis merchants, $800; and like amounts come from every direction....Jackson, Miss., is almost deserted and the Grand Secretary appeals to Masons throughout the United States and Canada for aid for the sufferers....So great has been the amount of carbolic acid used at New Ocleans that the waters of the new basin are literally covered with dead fish killed by it. They are being removed and burned with sulphur.

An Eastern paper says. In Nevada cottonwood telegraph poles have sprouted and are a making a nice line of trees. Since when?

Bunged Up.

Austin *Reveille:* old "Blucher," who went downward with the flood last Thursday, and was saved from death as by a miracle, presents a very much bunged-up appearance. His head is done up in bandages and he walks on crutches. He says one of his legs is shortened four inches, all his teeth knocked out, one eye gone, two square inches of his skull carried away, his right arm broken in four places, and that had it not been for the fact that he is a man of iron nerve he might have sustained serious injury. The men instrumental in saving Blucher contemplate publishing a card denying that they had anything to do with it.

PLATFORMS.

We have always looked upon platforms as a direct promise to the people, which honorable men should fulfill after election. It is the promised reward for the confidence which the people give. It is interesting, however, to note the varieties which come to light in times of depression. New parties spring into life with an impression that an old organization can not correct new evils. Each of these parties wants things arranged after its own peculiar plan, and the plans are as different as the men's characters who propose them.

The people's politics will always be founded upon their prosperity. Parties are only formed as the readiest means for the protection of this public enjoyment. The people in thoughtless moments encourage the opponents of good government, put them in power, and then comes a crash. Misfortune and depression then ensues. Without tracing the cause back, the same people organize a new party to oppose all the old ones. They organize a crowd, in other words, to oppose the efforts of the older party at a correction of their misjudged plans. Every class of American citizens should demand good platforms, and an adherence to every plank. They should not, however, haggle about methods where results are the only aids to returning prosperity.

We should like to see the anti-Chinese faction in this State demand active consideration for their grievances, we do not want to see them oppose the party which will willingly help them, and return a Democratic Senator by so doing. We regard the movement as futile and of no avail; still we regret that in Reno it has found the endorsement of schemers, and has determined upon the advice of irresponsible leaders and candidates to attempt the impossible.

STEP TO THE FRONT.

It has always been the custom in this county to make the office of legislator secondary to all other positions. Of course there will be close attention paid to the nominees during the present year, and for that reason we want to see the best legislative timber in this county chosen. Not desiring to commit any man without authority we mention the following names as among those who are talked of, or who ought to be considered in this connection: Wm. Thompson, L. L. Crockett, Wm. Duck, E. Fowler, R. P. Chapin, M. Nathan, B. G. Clow, J. W. Holbrook, and J. P. Foulkes.

EDITORIAL NOTES.

Mrs. Van Cott, has been trying to illustrate "the fatal fascination of procrastination," and the Oakland *Tribune* man says she did it with "word-paintings." The accusation is false. Mrs. Cott used instead the idiotic ravings about the man who drifted carelessly and helplessly towards the Falls of Niagara. This lady is the same feminine divine who went east and said that she was assaulted by the swashbucklers who run the Comstock papers. They appeared to her diseased imagination—after she went east—pistols in hand. If a persistent bore and an irresponsible ranter were subject to extermination as they will be at some future day, Mrs. Van Cott would not illustrate the "fatal fascination of procrastination" by delaying her departure for Madagascar.

There is a philologist on the Oakland *Tribune*, with pronounced philomathean propensities. We want him to copy this:

Augeas was one of the Argonauts and kept the Augean livery stables on Front street in Rome. He was hostler by trade and afterwards mounted the throne of Elis.

If, however, the person who runs the scissors of the *Tribune* with such phenomenal lack of taste, dares to call this an "excerpt," friendship shall cease, and this obscure man with his thoroughbred, short-tailed ideas, must be sacrificed.

The Potter Investigation Committee has developed into a close corporation for the encouragement of lying, under government aid and patronage. The Jenks type was brilliant, the Anderson class was dull. The second hand liars have all been used up, and now the Burke kind, which swear to past and future events with equal facility is on the stand. The committee proceedings will be a catalogue of assorted liars. The movement was a falsehood, its result, if it have any, will be a lie.

An important decision was lately rendered by Judge Dwinelle, of San Francisco, in the case of F. H. Woods vs. Safe Deposit Company. Woods had loaned Duncan $20,000 upon a block of stock in the company, one-half of which proved to be a forgery. The Court held that a corporation, by its officers, issuing stock, whether over-issue or regular, was responsible to the holder of such stock.

Queen Christina, of Spain, is worse. No hope is entertained of her recovery.

Even the great are not long for this life. Billy O'Brien and Michael Reese gone, the Queen of Spain going and there is sickness in the newspaper fraternity. The world is getting old and "rich oligarchs" are passing away.

The Philadelphia *Enquirer* (Republican) says: The real contest of 1880 is to be fought to a conclusion this fall, and the objective point is the House of Representatives.

Hub Parker will stock the Humboldt with catfish and horned pouts. Hub's middle name is Isaak Walton.

The London *Times* says this of the National party.

It might become a serious danger to the republic if it were possible for the discontented and ignorant masses who have attached themselves to it to pool their issues and combine against capital. There are practically no limits in a Democratic country to the power of a majority driven by strong passions. Hundreds of thousands of workingmen, who have felt the pinch of hard times and been thrown out of work, or had to submit to lower wages, are urged by the most powerful forces to come together, as Kearney put it, "for bread and butter." But it is doubtful whether those who rave most wildly against society are not as firmly wedded, each of them, to his own theories of its construction as the most superstitious fanatics of old-world creed. The *Times* then briefly summarizes the proceedings before Congressman Hewitt's Committee and concludes as follows: "The United States would have more to fear from Butlers and Kearneys if their followers were less passionate, less ignorant of the practical limitations of political action, and less torn by internal jealousies."

— The carpenters are to-day laying the timbers for the ground floor of the pavilion

—B. B. Norton is at Webber Lake. The last report was that his health was improving.

— Ex-Congressman Woodburn was married in Carson yesterday to Miss Mary E. Duffy.

—J. Perkins of Franktown was in town last night, shaking with his numerous friends.

—J. C. Hagerman has returned from a visit to the village of Carson The inhabitants of that pretty little hamlet stared at him a good deal.

—E. A. Littlefield passed through Reno last night on his way to San Francisco. He says that Kinkead gubernatorial stock is rising in Elko county.

— The white laundry is dead. The workingmen did not support it or it would have survived. We gave it washing and printing, but are not proud about it.

— The storm clouds which darkened the mountains to the west yesterday, and which floated across the town in the afternoon, gave us only a few drops and went on their way.

— Charley Davis, the commercial traveler, arrived this afternoon. In spite of our explanation that the extra scalp which he packs around with him was taken by us from a delinquent subscriber, he insists that he lifted it from a Nez Perce, and most people will believe Davis.

The flood carried away our books of account, subscription book and mail list, and we don't know who owes us, who we owe, and who our subscribers are, and when their terms of subscription begin or end. A SARDINE SALAD

Mixed by that Noted Epicure, Mr. L. P. Walker—An Exciting Scene.

"If a man wants to taste something really good," observed Lew Walker to-day, with that quiet but intense enthusiasm peculiar to the true gourmand, "let him try one of my sardine salads."

"Mark Parish, who was standing by, allowed his eyes to brighten and unconsciously laying his hand upon his vest, exclaimed:

"Let's try one!"

Gravely and with a due sense of the importance of the occasion Mr. Walker arose from a barrel on which he was resting his big, jolly body and slowly led the way into the store. A large fresh onion was selected after much careful consideration, weighed in the hand critically and subjected to the process of having the shining blade of a penknife jabbed into it. The result being approved of, Mr. Walker, with surprising calmness, asked for a bowl. It was brought and carefully rubbed with a clean towel. Then tucking up his sleeves Mr. Walker peeled the onion—not in the ordinary reckless, clumsy way, but neatly and with nice regard to the delicate inner coating under the fresh round. The bulb was deftly cut and chopped into small pieces—uniform pieces—for Mr. W. explained that there was nothing so disquieted him as unequal lumps of onion in a salad.

"Bring the sardines," said Mr. Walker in a tone of serious command. "Now don't jab the knife down among the fish. Damn a man that will mutilate a sardine. Here, let me show you."

The feat of cutting the tin was accomplished gracefully and the sardines were turned upon the onion in the bowl. Much black pepper wrs sprinkled upon both.

"Now, a small glass of vinegar," ordered Mr. Walker.

"And some salt." breathlessly uttered Mr. Parish.

"What?" demanded Mr. Walker.

"Salt," repeated Mr. Parish.

A look of contempt forced itself upon Mr. Walker's countenance and he said as calmly as could be expected of a man under such painful circumstances:

"You do not know what you are saying Mr. Parish."

"I know perfectly well what I am saying, Mr. Walker."

"Then, sir," cried Mr. Walkar, ceasing his occupation of squeezing the salad fine with a large spoon, "I'll be hanged if you know what you are talking about!"

"Do you address your remarks to me, Mr. Walker?"

"I do, Mr. Parish."

"You are insulting, sir."

"You are a fool, sir."

"Come out to the sidewalk, sir, and I'll teach you whether I'm a fool or not," shouted Mr. Parish.

"Anything to oblige you, even if you don't know your knee from your elbow," bawled Mr. Walker, and the two gentlemen raced for the door.

The GAZETTE reporter at once applied himself to the salad, and found it simply delicious. When he was gorged—it took half an hour to accomplish that—it struck him that he might as well go out and see how the fight was going on. Neither of the angry men was anywhere to be seen. Going into George Becker's the reporter was touched to see Mr. Walker sitting on one side of a table and Mr. Parish on the other. There was a beer bottle between them.

Golden Wedding.

The North East, Erie county, Pennsylvania, *Sun* of August 10th contains the following: The fiftieth anniversary of the wedding of Mr. and Mrs. Wm. Marsh was celebrated at their home on Tuesday last. Their sons and daughters were all present except two. Those present were W. J. Marsh, and Mrs. R. P. Chapin, of Reno, Nevada; Mrs. William Bacon, of Gouverneur, N. Y.: Mrs. Curtis Crook and Mrs. M. L. Blodgett, from the oil region, and Volney Marsh, of this place. The two absent were W. J. Marsh, of Tuscarora, Nevada, and W. H. Marsh, of Bradford. Six grandchildren were present, and also several other relatives and friends, among whom were Mr. and Mrs. P. B. Chapin, and Mrs. V. Marsh. Wm. Marsh and wife are a well preserved couple. He is 72 and she 69. He is as active as a man of forty. There have been no deaths in the family. W. J. is the oldest son, and a '49-er in two senses. He left home at the age of 19, and went to California at the time of the gold excitement in '49, making him one of the pioneers of that country. He has a family of seven children, the oldest of whom is a son weighing 215 pounds. Mrs. R. P. Chapin and brother intend to stay here until about the middle of September.

Good Templar's Picnic.

The V. & T. R. R. Co. will issue excursion tickets at half the usual rates for the Good Templars' picnic at Bowers' Mansion to-morrow. The tax for the round trip will be only $2. It is likely that the cold water folks will have a good time. There are to be all sorts of contests, the winners of which will get valuable prizes. All necessary arrangements for the comfort of the guests have been made.

W. S. BAILEY.

Very Little Hope of His Being Alive Now Entertained.

It is now feared that W. S. Bailey, of the California Fruit and Meat Shipping Association, who went to John Day valley last June to receive a band of cattle, is no longer among the living. He was last heard from at Canyon City, Oregon. His letter was dated June 29th. It is surmised that he fell in with the hostile Indians and was murdered. Mr. Bailey was to have received his cattle in the south fork of John Day valley, and it is known that the savages were turbulent in that quarter about the time he should have arrived there. Two weeks ago a Mr. Crutcher came in here and reported that he had reason to believe that Mr. Bailey was only one day behind him on the road. He had been so informed. It must have been some other Bailey, for the missing man has not turned up. A few days since a young man on his way to Virginia from the region where Bailey was last heard from, stated that he had been told that about the middle of July Bailey had been seen between Fort Harney and John Day river, and on hearing of Indian troubles ahead, had turned back to John Day valley. This morning Mr. Payne and another man connected with the Association, started off to search for information of Mr. Bailey's whereabouts if alive, and to recover his body, if possible, if he be dead. The friends of Mr. Bailey have now given up nearly all hope of his being alive.

A Narrow Escape.

Alex. Case was driving across the railroad track near the ice-house yesterday afternoon as some switching was being done, The train was backing from the east and as a strong wind was blowing from the west, and Mr. Case was looking over at the wheel on the opposite side of the approaching cars he neither heard nor saw his danger. Mr. Getchell, the yardmaster, who was on top of the end car, shouted to him, but was unheard. The cars were almost upon him before Mr. Case took in the situation. The wagon was then just half way across the track. He gave the horses one whack with his whip and then leaped for his life The wagon was knocked to fliuders. The horses saved them-Case picked himself up with only a damaged toe and started after his steeds. He caught them and held an internal prayer meeting all by himself.

Killed by His Own Rifle.

A sad accident is reported from Grizzly valley by a dairyman who came in this morning. On Wednesday last a young man about 21 years of age, from Quincy, California, one of a camping and hunting party, took a shot at a buzzard overhead with a Winchester rifle. Drawing back the lever to expell the shell cocks the weapon. The youth forgot tnis, and laid the rifle at full cock in the bottom of the wagon. The jolting of the vehicle discharged the rifle, and the ball entered the unfortunate young man's back at the waist, passing almost throueh the body. The bullet could be felt by pressing upon the abdomen. The young man lingered in agony for several hours before he died. The dairyman did not know the name of the deceased.

A Journalistic Change.

It is reported that our morning contemporary, the *Journal*, will shortly be enlarged and placed under new editorial control during the present campaign. It is also stated that the reason for Mr. Powning now being in San Francisco is that he may arrange the financial and other details of the contemplated change. All Reno will regret it if Mr. Powning's political engagements compel him to withdraw his own brilliant pen from the *Journal*, if even for a season.

The School for Girls.

Bishop Whitaker's school for girls, which will open for the term on Thursday next, has been prepared for the reception of the pupils. Miss Sill, the late Principal, will be succeeded by Mrs. Ormsby, of New York, and Miss Woodruff, of Michigan, will take the place of Mrs. Graham. Some other changes, not yet announced, will take place in the corps of teachers. The last term closed with 36 pupils, and it is expected that upon re-opening the number will be increased.

Don't Forget it.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Prairie Flower proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our druggists, OSBORN & SHOEMAKER. an7 eod

Resolved, That all members of other political organizations be prohibited from participation in the primaries, and that the following be the test for members of the Republican party, to-wit: First—Are you a citizen of the United States and State of Nevada, or will you be a lawful voter at the ensuing election? Second—Will you support the nominees of the Republican State and County Convention at the next election.

Resolved, That the Republicans of the various precincts are requested to take immediate steps for the formation of clubs, to the end that every vote may be brought out at the election, it being one of the most important ever held in the county, and also from a National and State standpoint, as "Eternal vigilance is the price of Liberty."

SIMMOND'S NABOB WHISKY.

A GREAT REMEDY.

SIMMOND'S

NABOB

WHISKY.

—FOR—

Indigestion, Dyspepsia and Nervousness.

The Purest and Best

—FOR ALL—

Medicinal and Family Purposes.

HAS BEEN SOLD IN ALL THE EASTERN STATES AND GIVEN UNIVERSAL satisfaction. It is highly recommended by the Faculty for all cases of Nervousness, Weakness, Debility, Dyspepsia, Indigestion, etc.

It is now introduced to the public of the Pacific Slope, endorsed by certificates of the eminent DR. J. HAYES, State Assayer of Massachusetts, and DR. H. C. LOUDERBACK of St. Louis, Mo., both gentlemen prominent in their profession, and which is a guaranty to all buyers of its purity and quality.

I can show thousands of letters from private persons, from all parts of the Union and Canada, to testify to its merits and the benefit it has afforded, as a family remedy and tonic.

Dyspepsia is called the national disease of this country, and many reasons why have been given. It is frequently said that people work too much, eat too fast, sleep too little, tax the powers of nerve and brain too incessantly, drink too much ice water, eat too much hot bread, smoke too much tobacco, give way to too much excitement, and consequently play themselves out in the shortest possible time. "A short life and a merry one" seems to be the sentiment that chiefly influences a large number of persons, but for all that no person feels at ease when suffering in health. Now, however, much or little truth should be attached to the opinion of physicians who charge the great prevalence of dyspepsia and nervousness to any of the causes mentioned, it cannot be denied that there are some applications received by druggists throughout the country for medicines to relieve and cure stomach and nervous pains and disorders, and all other maladies that afflict frail humanity. As might be expected under the circumstances, a large number of specifics to successfully counteract these diseases have been introduced to the attention of the public, but nearly all of them have failed to do any good. Whenever, therefore, any alleged new remedial agent is spoken of, very little confidence is felt in it by reason of numerous past disappointments, so that people who are chronic sufferers from dyspepsia, indigestion, physical weakness, or nervousness almost despaired of being cured. They, however, take too despondent a view of the matter, for those who have used the celebrated NABOB WHISKY, which can be had from all respectable druggists and grocers, know by experience that it is a sure remedy for all the maladies referred to, and that its tonic properties are of the most strengthening character. Many persons who found it impossible to properly digest a single meal, and whose physique had been sadly attenuated, have derived immediate benefit from the NABOB WHISKY, and in a short time, by its regular use, regained all their health and strength. It can be taken with impunity, as no drugs are incorporated with it, and its healthy action on the human system is at once felt. The effect which it produces on the organs of the stomach is such as to create a vigorous appetite and render digestion easy, no matter what the habits of the sufferer may be, and it at the same time steadies the nerves and stimulates the brain. There are no fictitious claims for the great remedial agent, so that all persons who are troubled with dyspepsia or nervousness would be false to themselves if they failed to test its curative qualities. Its sale is rapidly on the increase, and the better it is known the more it is used.

CAUTION—None genuine unless labeled with my signature over the cork.

Private Medical Institute.

209, KEARNEY STREET, SAN FRANCISCO.

Established in 1854,

For the Permanent Cure of all Special and Chronic Diseases, as also all Female Complaints and Diseases of the Nervous System.

THE IMMENSE DESTRUCTION OF human life annually from secret and chronic diseases, caused this old and reliable institution to be established, first in Philadelphia, Penn., in 1850, and afterwards in San Francisco, Cal., in 1854, as a private dispensary, in order to afford the afflicted the best medical and surgical treatment, for the above and all other affections and complaints. Consultation at the Institute, or by letter, FREE

To the Afflicted:

Dr. L. J. Czapkay would most respectfully inform the public of the Pacific coast that, at the earnest solicitation of his numerous friends, and hundreds of those unfortunately afflicted with disease, he has reopened his MEDICAL AND SURGICAL INSTITUTE and resumed the practice of his profession. The Doctor would remind all those who are in need of medical aid, that since relinquishing his very extensive and successful practice in San Francisco, he has visited the principal cities in Europe, inspecting diligently the experience of the most learned in the profession, the benefit from which he offers to all in need of his services. Rheumatic affections, chronic catarrh, diseases of the stomach and kidneys, liver complaints, etc., successfully treated. Those who are suffering from the errors and indiscretions of youth, nervous weakness, physical and mental debility, are assured of a permanent cure. Charges moderate. FELLOWS'

Compound Syrup!

—OF—

HYPOPHOSPHITES.

THIS DISCOVERY

Is the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs, is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend upon them for health or involuntary muscular action, the weaker suffering first.

The Inventor, acting upon this idea, that the muscles and nerves depend upon each other for efficient strength and action, and that they must be treated directly in order to speedily and permanently cure diseases of the organs which they control, became convinced, after months of experiment, that no other preparation produced such potent and direct effects upon the nervous system as his

Compound Syrup of Hypophosphites

and except in cases of actual organic loss, that it would restore patients suffering from those maladies.

Amongst the diseases overcome by the use of this remedy are the following:—

Chronic Constipation,
Chronic Dyspepsia,
Asthma,
Chronic Bronchitis,
Consumption,
Chronic Diarrhœa,
Chronic Laryngitis,
Melancholy,
Nervous Debility.

Debility, resulting from Typhoid and other low fevers, Diphtheritic Prostration, Hysteria, Hypochondria, Nervous Excitability, Marasmus or Wasting of the Muscles, Aphonia or Loss of Voice, Sluggishness of the Liver, Interrupted and Feeble Action of the Heart, SUFFOCATING FEELINGS caused by mucous obstruction of the Lungs and Air Passages leading thereto, and Debility from various causes.

Indigestiveness and habitual Costiveness almost always arise from weakness of the muscles and nerves of the stomach and bowels. In such cases, Fellows' Compound Syrup of Hypophosphites has proved itself of the greatest service by inducing healthy peristaltic action of the intestines. The evacuations soon become copious and healthy, without producing the effect of purgative medicine.

Weakness of the JOINTS and MUSCLES, IMPURITY OF THE BLOOD, and INWARD WASTINGS may be cured by attention to the regular described doses, and by due regard to the habits of life.

FELLOWS'

Compound Syrup of Hopophosphites

The power of arresting diseases displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced, and the large sale is the best guarantee of the estimation in which it is held by the public

This syrup will cure PULMONARY CONSUMPTION in the first and second stages, will give great relief and prolong life in the third. It will cure ASTHMA, BRONCHITIS, LARYNGITIS and COUGHS. It will cure all diseases originating from want of MUSCULAR ACTION and NERVOUS FORCE.
